SUBJECT: SERVICE REDUCTION PLAN

When operating the service reduction plan Weekdays or Saturday, please have all operators do the following in Syncromatics to ensure we have the correct trip data and for the headsigs to be correct:

Routes 33/54

- All operators will log into each trip manually when alternating between Route 33 and Route 54.

Routes 40/47

- All operators will log into each trip manually when alternating between Route 40 and Route 47.
